

Closure of One Healthy Way/No Access to Front of Hospital from Merrick Rd

Continued site work and construction of the new Central Utility Plant (CUP) will require changes in our parking and traffic patterns. We apologize for the inconvenience. We appreciate your cooperation and patience to make our parking plan work well for all and limit disruption to our patients and visitors.

Beginning Friday, July 31, 2020, One Healthy Way will be closed to all thru traffic. You may only access Healthy Way if you are self-parking in the visitors' lot. There will be no vehicular access to the front door of the hospital from Merrick Rd. **All vehicles utilizing the hospital's valet service or dropping off a visitor must enter through Oceanside Rd and go east on to Oswald Ct.**

Please use the new temporary pedestrian walkway on the southeast corner of Lot 3 to enter the hospital. You will not be able to use Healthy Way as a pedestrian walkway.

- over
