**TO BENEFIT THE EMERGENCY DEPARTMENT
EXPANSION CAMPAIGN**

For more than 85 years, South Nassau has provided the gold standard of emergency medical care for the communities of the south shore of Nassau County. The number of patients visiting our Emergency Department is expected to grow to 80,000. It means our New York State Department of Health-designated Stroke Center and verified Level II Trauma Center's board-certified, residency-trained physicians need more room to save lives and treat patients. We need to expand our waiting room and add dedicated areas for behavioral, pediatric and geriatric patients.

Thanks to the support of our valued partners, we are half-way to our campaign goal to raise \$10 million toward the \$60 million cost of renovation. Your participation in this year's event will help us to realize our goal, and to continue to make a difference in the lives of our patients and their families.
