Mission
The Mission of the Mount Sinai South Nassau Patient and Family Advisory Council (PFAC) is to create positive changes in our healthcare delivery system by fostering an environment where patients and family members feel respected and empowered to be partners in their health care.

Vision
Our Vision is that Mount Sinai South Nassau patients and their families will have a positive, compassionate and supportive health care experience. To achieve this, collaborative involvement of patients and their families is essential and welcomed by the entire healthcare team at Mount Sinai South Nassau.

Objectives
• Promote a positive relationship among Mount Sinai South Nassau, its families and our patients
• Improve patient and family satisfaction
• Collaborate with Mount Sinai South Nassau leadership and offer suggestions to improve the quality of care provided to patients and their families
• Offer suggestions on programs, policies, teaching and educational materials
• Be an advocate in the communities we serve
• Contribute to the education of present and future healthcare providers

Accomplishments
The processes and programs developed through the contributions of the PFAC include:
• Updated White Boards in patient rooms containing detailed information
• SMART Discharge Journal folder given to patient upon arrival to enhance communication between the care team and patient
• “Guest Packs” that include blankets, toothbrush, etc. for family members who stay overnight
• Rounding by volunteers to ensure that new patients have easy access to needed information and services
• Detailed signage throughout the hospital to improve navigation
• “Sweet Dreams” carts containing blankets, playing cards, puzzle books, tea, etc. distributed to patients by the Comfort Squad
• “About Me” patient boards showing preferred language, nickname, names of pets, etc.

Recruitment criteria
